Dear Chief Schlude,

I am writing to report Officer Gilstrap's improper handling of Case #2025004909, involving child pornography exposure, revenge porn, and digital sex trafficking.

Timeline of Misconduct:

May 29, 2025: I provided Officer Gilstrap comprehensive evidence including:

- Pornographic "casting couch" video discovered on my 6-year-old's iPad
- 770+ explicit files indicating commercial sex operation also found on the iPad (legally requiring me to preserve evidence due to child exposure)
- Evidence of revenge porn distributed without consent of multiple victims

May 30, 2025: Officer Gilstrap:

- Deleted all evidence without examination (per google drive access logs)
- Based case closure solely on one phone call with Ms. McIntosh, who is both victim AND perpetrator
- Ignored my status as separate victim with independent standing
- Ignored independent standing of all other victims
- Failed to address child endangerment requiring mandatory reporting

Subsequent developments:

- Ms. McIntosh contacted me demanding I illegally destroy evidence (email forwarded to him) immediately following her call with Officer Gilstrap
- I discovered additional evidence of OnlyFans operation with tax fraud implications
- Ben Meers, the primary perpetrator, inadvertently acknowledged via counsel his commercialization of the content while refusing to delete
- DOJ Case (659074-QFR) filed
- FBI IC3 report has been filed
- IRS Tax fraud report has been filed

Policy Violations:

- Destruction of evidence in active investigation
- Failure to recognize multiple victims with independent standing
- Allowing suspected perpetrator to veto investigation
- Ignoring mandatory reporting for child welfare

- Failing to refer interstate crimes to federal authorities

I request immediate internal investigation and preservation of all communications regarding this case.

Respectfully,

--

Shingi Samudzi

Chief Schlude,

I received your letter dated December 8, 2025 regarding CPD Tracking # AD2025-0096.

Your determination states "Allegation #1: 600.2 Initial Investigations: Unfounded" with the definition that "acts complained of did not occur or were misconstrued."

I am requesting specific clarification:

1. Which acts are you claiming did not occur?
2. On May 29, 2025, I provided Officer Drew Gilstrap with a comprehensive evidence package including forensically verified digital materials (SHA-256 hash verification), physical exhibits, and detailed documentation. Are you claiming this evidence package was not provided?
3. Are you claiming Officer Gilstrap did not close the case without forwarding materials to the prosecutor's office?
4. Are you claiming the evidence I provided was not destroyed or is no longer available?
5. Are you claiming that Officer Gilstrap did in fact make the mandatory report of child exposure to explicit content as required by Missouri law?

Please provide specific factual basis for your "unfounded" determination by December 20, 2025.

Additionally, pursuant to Missouri Sunshine Law (Chapter 610 RSMo), I am requesting the complete internal affairs investigation file for CPD Tracking # AD2025-0096, including all investigative reports, interviews, evidence reviewed, and communications related to this complaint.

I am concurrently filing this matter with the Missouri Attorney General's office as part of a complaint regarding institutional handling of documented misconduct and violation of multiple victims' civil rights under color of law. Your response (or lack thereof) will be included in that filing.

Respectfully,

Shingai Samudzi

Chief Schlude declined to answer the substantive questions in the 13-Dec e-mail (attached below as Schlude excluded you from her response).

Internal Affairs disposed of the matter as "Allegation 1: Unfounded," although the original complaint contained multiple distinct charges.

Missouri § 590.650 exempts IA files from Sunshine disclosure; I will therefore file formal color-of-law and POST complaints with the Missouri Attorney General and POST after the holidays.
